### Your Insurance Manager's Key Benefit:

Best Coverage for the Best Price

We work with one of Australia's largest property insurance brokers which allows us to go to the broadest range of insurers and get you the best coverage at the best price. ### How we will assist you:

Your Insurance Manager will:

- Source quotes and deal with insurance companies
- Help you to decide what options are best to cover your building
- We will set you up with an insurance cover that covers everything from the permanent fixtures of the building to common property

- We will set up insurance that covers you for:
  - The building
  - Loss of Rent
  - Common Area Property
  - Flood
  - Public Liability

### Your Maintenance Manager's Key Benefit:

Maintain the health of your building

We will ensure that your building has a structured plan for maintenance and improvements, achieved through a balance of proactive capital works and maintenance, and prompt repairs when required.

### How we will assist you:

Your Maintenance Manager will:

- Organise contractors for the urgent repairs and maintenance that occur within your building
- Work with you on setting up a regular pattern of maintenance where required. Examples of this would be the organisation of monthly gardening or cleaning to common property areas.

- Offer you 24/7 service
- Certainty, with compliance as per regulations
